Spring has arrived!

Over the weekend of March 27th many folks drove out to see a gray resort, with limbs, twigs, leaves, and other remnants of winter scattered around the grounds. In just five days, the warm weather and with the commitment of the maintenance and housekeeping teams, we were able to cleanup a majority of winters leftovers, and convert the park into a green Spring machine!

This weekends rain combined with the 5,000 pounds of fertilizer we spread on all overnight and seasonal campsites, will propel the grounds weeks ahead of all past years we can remember.

Over the next month and a half some areas and campsites in the resort will remain closed as we continue to recover from the large tree removal project and electrical work. Please refrain from driving or walking over the freshly seeded areas until the grass establishes itself. We are also hoping that the grass will thicken up in very high-use areas which suffered a heavy hit last season as many families placed outdoor carpets just outside their camper doors. This season we require that you refrain from using outdoor carpets on the grass of all campsites.

Opening weekend is April 16th –18th. We hope you join us, if not for the weekend, but at least for the day. For your convenience, The Plaza Grill and The Mini Mart will be open for special hours including breakfast on Saturday morning. Plus, Saturday evening will offer a home cooked Italian meal. Details to the right.

Things are on track to offer you the most beautiful Spring ever here at the park. We hope to see you soon, at the lake!

Member Packets will be available April 24th. We apologize that printing was delayed past Opening Weekend.

SEASONAL LOTS AVAILABLE

<u>Lot#</u>	<u>Pioneer Rent</u>	<u>Notes</u>

Sympathies

We note the passing of Hank Neels in mid March. Hank was a special friend of the resort and past president of the resort council. Most remembered among all members will be his love of Rolle Bolle, which caused him to both arrange the design with the resort and to build the first court. Later, Hank also supervised the reconstruction of the current court. His legacy will be present with every game played. Our sympathies go out to Maxine and family.
